Owner Name: \_\_\_\_\_  
Owner Address: \_\_\_\_\_ Zip: \_\_\_\_\_  
Phone: \_\_\_\_\_ Fax: \_\_\_\_\_ Email: \_\_\_\_\_

Representative (e.g., architect, engineer, developer):  
Contact: \_\_\_\_\_ Firm Name: \_\_\_\_\_  
Address: \_\_\_\_\_ Zip: \_\_\_\_\_  
Phone: \_\_\_\_\_ Fax: \_\_\_\_\_ Email: \_\_\_\_\_

## Property Information:

Subdivision Name: \_\_\_\_\_ Phase: \_\_\_\_\_

Parcel Number(s): \_\_\_\_\_

Approved Zoning: \_\_\_\_\_ Units per acre: \_\_\_\_\_

Total acreage of phase: \_\_\_\_\_ Total number of lots: \_\_\_\_\_

Residential: \_\_\_\_\_ Commercial: \_\_\_\_\_ Industrial: \_\_\_\_\_

Common lots: \_\_\_\_\_ Total acreage of common lots: \_\_\_\_\_ Percentage: \_\_\_\_\_

Percent of common space to be used for drainage: \_\_\_\_\_ Acres: \_\_\_\_\_

Special Flood Hazard Area: total acreage \_\_\_\_\_ number of homes \_\_\_\_\_

Changes from approved preliminary plat pertaining to this phase:

	Preliminary Plat	Final Plat
Number of Residential Lots:	_____	_____
Number of Common Lots:	_____	_____
Number of Commercial Lots:	_____	_____
Roads:	_____	_____
Amenities:	_____	_____

**Application Requirements:**

*(Applications are required to contain one copy of the following unless otherwise noted.)*

Applicant (√)	Description	Staff (√)
	Completed and signed Final Plat Application	
	Fee	
	A statement of compliance with approved Preliminary Plat or substantial compliance.	
	Legal description of the property (paper and electronic version with engineer's seal): <ul style="list-style-type: none"> <li>• Submit two (2) paper and one (1) electronic copy</li> </ul>	
	Recorded warranty deed for the subject property	
	If the signature on this application is not the owner of the property, an <b>original</b> notarized statement (affidavit of legal interest) from the owner stating the applicant and/or representative is authorized to submit this application.	
	Copy of subdivision name approval from Ada County Surveyor's office.	
	Copy of the "final" street name evaluation/approval from Ada County.	
	A signed statement from the Star Sewer & Water District that subdivision information has been submitted to the District in GIS format.	
	Two (2) 11" X 17" vicinity maps showing the location of the subject property	
	Two (2) 24" X 36" copy of the Final Plat (folded to 8 1/2" X 11" size)	
	One (1) 8 1/2" X 11" copy of the Final Plat	
	Two (2) 24" X 36" copy of the landscape plan, including natural features	
	One (1) 8 1/2" X 11" copy of the landscape plan ( <i>colored copy</i> )	
	Two (2) 24" X 36" copies of site grading & drainage plans	
	One (1) 8 1/2" X 11" copy of originally approved Preliminary Plat	
	One (1) 24" X 48" copy of a Plat with all phases marked with changes to date	
	One (1) set of final engineering construction drawings, stamped and signed by a registered engineer/surveyor <span style="float: right;">(EC)</span>	
	Storm drainage calculations must be submitted for <u>private</u> drives and parking areas within subdivisions <span style="float: right;">(EC)</span>	
	Two (2) copies of streetlight <b>design</b> and <b>location</b> information	
	Special Flood Information	
	Copy of <u>signed</u> agreements with irrigation companies	
	Two (2) copies of the Covenants, Conditions, & Restrictions (CC&R's)	
	Two (2) Electronic versions of the approved final plat, preliminary plat, landscape plan, vicinity map, engineering construction drawings, and drainage calculations, pdf format submitted on a disk with the files named with project name and plan type. We encourage you to also submit at least one color version for presentation purposes.	
	Submit (1) 11" X 17" and (1) 18" X 24" <b>recorded</b> copy of Final Plat to the Star City Planning Department prior to any building permits being issued.	

**FEE REQUIREMENT:**

*\*\* I have read and understand the above requirements. I further understand fees are due at the time of filing. I understand that there may be other fees associated with this application incurred by the City in obtaining reviews or referrals by architect, engineering, or other professionals necessary to enable the City to expedite this application. I understand that I, as the applicant, am responsible for all payments to the City of Star.*

# Streetlight Specifications

The following specifications shall be used in conjunction with the Street Lighting Section of the Idaho Standards for Public Works Construction (ISPWC) manual, (current edition) and Star City Code. If any conflict occurs between ISPWC specifications and City Code, in matters pertaining to selection, style, size, or fixture identification, City Code shall govern. In matters relating to other design and installation issues, the ISPWC shall govern.

## Section I: STYLE SPECIFICATIONS.

### **A. State Highway 44 within the City of Star boundaries:**

Manufacturer:	Sun Valley Lighting
Pole Base:	3200SB Split Base
Pole:	Round Tapered #1030T – 12 FT – PT27
Luminaries:	SIGMA2 Series, #SIG2
Optics:	HRIII
Lamps:	100PS – MH – PT
Color:	Black #RAL-9005T
Flag Brackets:	Rotatable Breakaway Banner Arm #RBBA (2/Pole)

### **B. Residential & Commercial Development:**

Developers are encouraged to use other fixtures than are designated in Section 1-A. The Sun Valley Lighting SIGMA2 luminaire is reserved for City use. Developers are free to use any other manufacturer so long as the streetlights (posts and luminaire) are of a “Historic or Decorative” style. The style must be maintained throughout the development. Any development along State Highway 44 and Star Road shall follow the standards in Section 1-A. See City of Star Unified Development Code for specific regulations for Residential and Commercial development streetlights.

## Section II: MATERIAL SPECIFICATIONS.

A. Materials: Heavy wall, copper free cast aluminum from ASTM 356.1 ingot, with round shafts extruded from aluminum, ASTM 6063 alloy, heat treated to T6 temper. Anchor bolts to be hot dip galvanized.

B. Construction: Pole shall be double welded to the base casting. The pole shall be circumferentially welded inside the base casting. All exposed welds below 8 feet shall be ground smooth. Welding shall be per ANS/AWS D1.2-90.

C. Dimensions: The post shall be a minimum of 12 feet in height, but no more than 16 feet in height. A base is required and shall be a minimum of 17 inches high and 8 5/8 inches in diameter. The shaft shall be 3 to 4 inches in diameter. The top of all posts shall have an integral 3 inch O.D. tenon with a transitional donut for luminaire mounting.

D. Installation: The installation shall meet the requirements of the Idaho Standards for Public Works Construction for street lighting installation.

E. Light Source: Lamps shall be metal halide, 100 watts per pole, or otherwise per City Code.

F. Voltage: 120/240 as per shop drawing or other submittal.

G. Photo Electric Control: Each cell shall have a photo cell per manufacturer conforming to ISPWC or equal.

H. Finish: Dark colored poles are preferred, but must be consistent throughout the entire development.

Section III: STREETLIGHT LOCATIONS.

A. Highways, Collectors and Arterials:

1. Streetlights shall be located in the space between existing curb and existing sidewalk on State Highway 44.
2. In locations where there are no curb and/or sidewalks, streetlights shall be located in the area set forth by Ada County Highway District or The Idaho Transportation Department as public right-of-way and in alignment with any existing streetlights.
3. Streetlights shall be located behind existing sidewalks where curb, sidewalk and conduit already exist.
4. Streetlight spacing is recommended at approximately 100 feet, allowances being made for driveways, length of street/block and other obstructions.

B. Local Streets:

1. Streetlights shall be located behind sidewalks.
2. In instances where a developer constructs street sections utilizing Ada County Highway District approved drainage swales, streetlights shall be located between the ribbon curb and the sidewalk, with a preference that the streetlights be located as close to the sidewalk as possible.
3. Streetlights shall be located at all intersections and ends of cul-de-sacs and at all other locations designated by the City, including but not limited to along Star Road and State Highway 44.

Section IV: REQUIREMENTS FOR INSTALLATION.

A. No Existing Streetlight: A streetlight shall be installed by a property owner or business when:

1. A building permit is issued;
2. A change of use or zoning occurs; or
3. Improvements are made to property within existing right-of-way.

B. Existing Style: Where there are existing streetlights, the style of streetlights shall be maintained along the length of the street.

C. ISPWC Modification: Any specifications not covered by these regulations shall be governed by the ISPWC.

City of Star  
GIS Statement

The Star Sewer and Water District hereby verifies we have received development basemap files with as-built conditions including parcel lines, easements, sewer, water, storm, pressure irrigation, service lines, streetlights and other utilities in GIS format (shapefile) consistent with the Star Sewer & Water District's GIS system from \_\_\_\_\_

(Applicant / Engineer)

pertaining to \_\_\_\_\_ Subdivision.
